4-H Animal Health Record

An animal health record for 4-H members to document vaccinations, deworming, illness, and veterinary visits for each project animal. Print as many copies as you need and fill in a new line after each entry.

Farm / unit: _____ Date: _____ By: _____

Date	Animal ID	Health event	Product or action	Given by	Next check

TIP Follow your veterinarian's plan for any treatment and write down the product, date, and who administered it.
