4-H | GUIDE

4-H Project Selection Guide

A guide to help 4-H members and parents pick a first or next project by weighing interests, space, time, costs, and available mentors. Print it, follow the steps in order, and keep the copy handy for later reference.

Farm / unit: _____ Date: _____ By: _____

1. List what the member enjoys doing
2. Review project areas offered locally
3. Check space and housing available at home
4. Talk with the leader about time needed
5. Estimate costs with a parent
6. Find a mentor or experienced member
7. Check age and enrollment rules
8. Choose a project and set a goal

YOUR NOTES

TIP Visit a project meeting or ask a current member about their experience before committing to a project.
