4-H Skillathon Study Materials

A study guide for 4-H skillathon contestants covering stations to prepare for, such as identification, equipment, feeds, and problem solving. Print it, follow the steps in order, and keep the copy handy for later reference.

Farm / unit: _____ Date: _____ By: _____

1. Learn how skillathon stations are run
2. Practice animal and breed identification
3. Study feed and ingredient identification
4. Review equipment names and uses
5. Practice anatomy and cut identification
6. Work sample problem-solving questions
7. Rotate through mock stations
8. Review missed items with your coach

YOUR NOTES

TIP Build mock stations with your club and rotate everyone through so no topic is a surprise on contest day.
