Aquaculture Benchmarking Worksheet

This printable aquaculture benchmarking worksheet helps fish farmers, pond owners and managers compare farm results across seasons or peers. Fill in each line by hand.

Farm / unit: _____ Date: _____ By: _____

Farm name _____

Period covered _____

Production results _____

Feed use results _____

Survival results _____

Cost results _____

Peer or past season comparison _____

Goals for next season _____

NOTES / CALCULATIONS

TIP Compare with your own past records first, then use extension or industry data for peer comparison.
