Aquaculture Harvest SOP

This printable aquaculture harvest sop helps fish farmers, pond owners and managers set out the steps of a fish harvest. Follow the steps in order.

Farm / unit: _____ Date: _____ By: _____

1. Confirm harvest date and buyer
2. Check equipment and nets
3. Review safety and PPE needs
4. Assign worker roles
5. Handle and hold fish gently
6. Keep fish cool and aerated
7. Record counts and destinations
8. Clean up and review

YOUR NOTES

TIP Walk through the steps with all workers before harvest day and note changes afterward.
