# Beef Composting Mortality Guide

A beef composting mortality guide that outlines steps for composting dead cattle where the state allows it. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

1. Check state rules on composting
2. Choose a suitable site
3. Plan the bin or windrow
4. Gather carbon material
5. Build the pile per extension guidance
6. Monitor and record the process
7. Manage finished compost use
8. Keep records of each batch

**YOUR NOTES**

**TIP** Check your state rules before starting, and use plans from extension or the state animal health office.
