Beef Emergency Disease Response Plan

A beef emergency disease response plan template for deciding what to do if a serious animal disease is suspected on the farm. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Signs that trigger a call

Veterinarian and state contacts

Isolation of affected animals

Movement stop steps

Cleaning and disinfection plan

Worker and visitor rules

Records and communication

Recovery and restocking steps

TIP Keep the plan with your emergency contacts and call your veterinarian or state animal health officials at the first suspicion.
