Beef Cattle | WORKSHEET

Beef Genetic Selection Worksheet

A beef genetic selection worksheet that helps producers write down breeding goals and compare sires and replacement females against those goals. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Herd goals and market target _____

Traits that matter most _____

Sire or animal name and ID _____

Breed or type _____

Record strengths seen _____

Record weaknesses seen _____

Records or data reviewed _____

Record selection decision _____

NOTES / CALCULATIONS

TIP Write goals first, then judge each animal against them, and ask your breed association or extension for help reading data.
