Calving Interval Tracker

A calving interval tracker for recording each cow's calving dates and gaps between calves, helping to find cows that fall behind the herd. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Cow ID	Calving date	Previous calving d	Interval notes	Calf ID	Initials

TIP Review the tracker after calving season and flag cows that slip late, then discuss causes with your veterinarian.
