Flood Response Plan for Cattle

A flood response plan for cattle template for noting high ground, water sources, feed and movement steps before and after floods. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Flood prone areas of the farm

High ground and safe pastures

Early warning sources

Moving cattle and equipment

Feed and clean water backup

Identification and records

Contacts and helpers

After flood health and fence checks

TIP Watch National Weather Service alerts and move cattle early, since floodwater rises faster than expected.
