Fly Control Plan Template

A fly control plan template for beef operations to outline sanitation, trapping, insecticide choices and monitoring through the fly season. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Fly species and problem areas

Manure and wet area cleanup

Traps and baits in use

Feed-through or pour-on products

Spray or ear tag plans

Calendar for checks

Record of results

Product label and resistance notes

TIP Rotate product classes according to labels and your extension specialist to slow resistance, and recheck problem spots weekly.
