Beef Cattle | WORKSHEET

# Forage Availability Assessment

A forage availability assessment worksheet for recording pasture condition, forage height and cover before moving or turning out cattle. Print it and keep it handy where the work gets done.

Farm / unit: _____ Date: _____ By: _____

Record pasture name _____

Record date assessed _____

Dominant forage species _____

Forage height and density notes _____

Percent bare ground observed _____

Weed or invasive plant notes _____

Record water access _____

Grazing decision made _____

**NOTES / CALCULATIONS**

**TIP** Walk each pasture the same way every time and take photos so changes are easy to compare over seasons.
