Beginning Farmer App Setup Guide

A guide to setting up a farm management app. It walks beginners through account setup, entering farm data, and building a routine so the app gets used.

Farm / unit: _____ Date: _____ By: _____

1. Choose the app
2. Create your account
3. Enter farm and field details
4. Add animals or crops
5. Set up expense categories
6. Connect bank or upload receipts
7. Set up reminders
8. Practice data entry
9. Back up your data

YOUR NOTES

TIP Enter a small amount of data first and expand once the routine is comfortable.
