Beginning Farmer Conservation Plan Template

A template for writing a conservation plan on a beginning farm. It helps record resource concerns, planned practices, and a schedule worked out with a conservation advisor.

Farm / unit: _____ Date: _____ By: _____

Farm and field description

Soil resource concerns

Water resource concerns

Planned conservation practices

Schedule of work

Funding sources considered

Responsible person

Monitoring plan

Plan review date

TIP Meet your local NRCS office to build the plan with technical help.
