Beginning Farmer Cover Crop Plan

A cover crop plan template for beginning farmers. It records goals, species choices, planting and termination plans, and results by field. Use it alongside advice from local advisors.

Farm / unit: _____ Date: _____ By: _____

Field name

Goals for the cover crop

Species or mix chosen

Seed source

Planting method

Planting timing plan

Termination method

Following crop

Results observed

TIP Ask your NRCS or Extension office which cover crops fit your area and goals.
