Beginning Farmer Crop Rotation Plan

A crop rotation plan template for beginning farmers. It lays out fields, crop families, and sequences so a plan can be reviewed and adjusted each year.

Farm / unit: _____ Date: _____ By: _____

Field or bed name

Current crop

Previous crop

Next crop

Crop family notes

Cover crop in between

Pest or disease concerns

Soil fertility notes

Plan review date

TIP Keep old plans each year so you can see what grew where and learn from it.
