Beginning Farmer EPA Compliance Guide

A guide to EPA compliance for beginning farmers. It lists the common environmental topics to learn about and the agencies to ask for current rules.

Farm / unit: _____ Date: _____ By: _____

1. Pesticide use and storage
2. Manure and nutrient handling
3. Fuel and chemical storage
4. Water discharge questions
5. Air and dust questions
6. Waste disposal
7. Record keeping needs
8. State agency contacts

YOUR NOTES

TIP Check with EPA and your state environmental agency for the rules that apply to you.
