Beginning Farmer Grazing Plan

A grazing plan template for beginning farmers. It organizes pastures, animals, rotations, and monitoring so grazing decisions are written down and reviewed. Print a fresh copy for each project.

Farm / unit: _____ Date: _____ By: _____

Pasture or paddock names

Animals grazing

Water access

Fencing layout

Rotation approach

Rest period approach

Forage monitoring

Drought plan

Plan review date

TIP Ask your NRCS or Extension office to help adapt the plan to your pastures and climate.
