Beginning Farmer Nutrient Management Plan

A nutrient management plan template for beginning farmers. It records soil test results, nutrient sources, planned applications, and records for each field. Fill it out in pencil so it is easy to update.

Farm / unit: _____ Date: _____ By: _____

Field name and crop

Soil test results on file

Nutrient needs per recommendation

Nutrient sources

Planned application method

Setback and buffer areas

Application records

Weather considerations

Advisor review

TIP Base nutrient plans on lab results and local recommendations from NRCS or Extension.
