Beginning Farmer Weights & Measures Compliance

A guide to weights and measures compliance for farm sellers. It helps producers learn how to sell by weight or count and keep scales and labels accurate.

Farm / unit: _____ Date: _____ By: _____

1. Learn which products sell by weight
2. Check scale rules
3. Contact state weights and measures
4. Label net quantity correctly
5. Keep scales clean and level
6. Display prices clearly
7. Keep inspection records
8. Fix problems quickly

YOUR NOTES

TIP Ask your state weights and measures office what applies to your products and your market.
