Farm Safety Orientation for Beginners

A safety orientation guide for beginners new to farm work. It gives a simple order for introducing hazards, equipment rules, and emergency steps on the first days.

Farm / unit: _____ Date: _____ By: _____

1. Walk the farm and point out hazards
2. Review emergency contacts and meeting point
3. Show first aid kit location
4. Explain equipment operation per the manual
5. Review protective gear use
6. Cover animal handling basics
7. Cover chemical storage and labels
8. Practice what to do in an emergency

YOUR NOTES

TIP Walk through each step in person and have the new worker repeat the safety rules back.
