Farm Water Rights Assessment

A worksheet for assessing water rights on farmland. It organizes the questions and documents to gather and confirm with the state water agency. Keep it with your farm records.

Farm / unit: _____ Date: _____ By: _____

Property name and location _____

Water source type _____

Right holder name _____

Documents available _____

Permitted uses _____

Seasonal limits noted _____

Shared or transferred rights _____

State agency contact _____

Follow-up questions _____

NOTES / CALCULATIONS

TIP Confirm all water rights with your state water agency and an attorney, since rules differ by state.
