Corn Weed Control Guide

This Corn Weed Control Guide helps growers plan a weed control program for corn. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

1. List main weeds seen last season
2. Note any known herbicide resistance
3. Plan preplant or pre-emergence approach
4. Plan postemergence timing by weed and corn stage
5. Check herbicide labels for crop stage limits
6. Note cultivation or mowing options
7. Plan for escapes and seed bank cleanup
8. Record products, dates and results

YOUR NOTES

TIP Always follow the product label for rates and restrictions, and rotate modes of action to slow resistance.
