Crop Nutrient Removal Calculator

This Crop Nutrient Removal Calculator helps growers estimate nutrients taken off in harvested crops. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

Field name and acres _____

Crop harvested _____

Yield per acre _____

Removal factor from extension source _____

Nitrogen removed _____

Phosphorus removed _____

Potassium removed _____

Planned replacement program _____

NOTES / CALCULATIONS

TIP Use the removal factors published by your state extension, and compare the totals with soil test trends.
