Disease Forecasting Tool Guide

This Disease Forecasting Tool Guide helps growers use disease forecasting tools alongside scouting. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

1. List diseases of concern by crop
2. Find forecasting tools from your extension
3. Check weather station sources
4. Record forecast risk level by date
5. Compare forecast to field scouting
6. Decide on fungicide timing with an advisor
7. Check label for timing limits
8. Record outcomes for next year

YOUR NOTES

TIP Treat forecasts as a guide and confirm in the field before applying anything.
