Iron Chlorosis Diagnosis Guide

This Iron Chlorosis Diagnosis Guide helps growers diagnose iron chlorosis. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

1. Note crop and variety
2. Describe yellowing between veins
3. Map the pattern in the field
4. Check soil pH and carbonates
5. Check wet soil and salts
6. Compare tolerant varieties
7. Take samples
8. Record management tried

YOUR NOTES

TIP Choose tolerant varieties in problem fields and record where chlorosis occurs.
