Soil Health Testing Guide

This Soil Health Testing Guide helps growers plan soil health testing. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

1. Choose fields and sampling zones
2. Choose tests and a lab
3. Sample at the same time each year
4. Use a consistent depth
5. Label and ship samples
6. Record field conditions
7. Compare results year over year
8. Adjust practices

YOUR NOTES

TIP Pick a lab and stick with it so results compare from year to year.
