Sugarbeet Production Guide

This Sugarbeet Production Guide helps growers plan and record each step of growing sugarbeet from field selection to harvest. Fill it in by hand and keep it with your farm records for later seasons.

Farm / unit: _____ Date: _____ By: _____

1. Pick fields with suitable drainage and rotation for sugarbeet
2. Choose variety and contract delivery terms
3. Plan seedbed work and planting window
4. Set fertility plan from soil test results
5. Note key growth stages: canopy closure and root sugar quality
6. Scout weeds, insects and disease on a regular schedule
7. Plan harvest timing and equipment readiness
8. Record yield, quality and lessons learned

YOUR NOTES

TIP Keep this beside your sugarbeet field notes and update each growth stage, then check local recommendations with your extension office.
