Dairy Herd Health Plan Template

A dairy herd health plan template for farms to outline herd health goals, protocols and veterinary roles in one document that the owner, staff and veterinarian can review together.

Farm / unit: _____ Date: _____ By: _____

Herd health goals

Veterinarian of record and contacts

Vaccination protocols

Parasite control approach

Mastitis prevention steps

Fresh cow monitoring plan

Calf and heifer health

Record keeping and review schedule

Biosecurity measures

TIP Build the plan with your veterinarian, then review it with milkers and feeders so everyone follows the same protocols.
