Dairy | WORKSHEET

Milking Herd Ration Worksheet

A milking herd ration worksheet for dairy producers to record ration ingredients, feed test results and herd performance used when reviewing the lactating cow diet.

Farm / unit: _____ Date: _____ By: _____

Pen or group name _____

Average days in milk _____

Milk and component levels _____

Forage types and quality _____

Grain and byproduct ingredients _____

Mineral and additive plan _____

Feed refusal observations _____

Body condition trend _____

Planned ration changes _____

NOTES / CALCULATIONS

TIP Bring this worksheet to ration reviews so changes are based on herd results rather than memory.
