Dairy | TEMPLATE

TMR Mix Sheet Template

A TMR mix sheet template for dairy farms to list ingredients, batch amounts and loading order for each group so the mixer operator builds the ration the same way every time.

Farm / unit: _____ Date: _____ By: _____

Group and ration name

Ingredient list in loading order

Amount per cow or batch

Mixer load size

Mixing time per operator's manual

Moisture adjustments

Refusal target

Prepared by and date

Nutritionist notes

TIP Get ration amounts from your nutritionist and post the sheet at the mixer so operators follow the loading order.
