Horse Heat Stress Management Guide

This printable Horse Heat Stress Management Guide helps horse owners and barn managers manage horses during hot weather. Print a fresh copy as needed and keep completed pages with your other barn records.

Farm / unit: _____ Date: _____ By: _____

1. Provide shade and shelter
2. Offer plenty of fresh water
3. Adjust work times to cooler hours
4. Watch for heavy sweating or fatigue
5. Cool horses after work
6. Improve barn airflow
7. Check weather alerts
8. Know when to call the vet
9. Record how each horse copes

YOUR NOTES

TIP Call your veterinarian quickly if a horse seems weak, off feed or unusually tired in heat.
