Community Supported Agriculture (CSA) Budget Template

A budget template for a community supported agriculture program, covering member income and the costs of growing, packing and delivering shares. Helps owners set fair share prices.

Farm / unit: _____ Date: _____ By: _____

Number of members and share types

Share price and payment plan

Crop and product plan

Seed and input costs

Labor and packing costs

Delivery and pickup costs

Marketing and member communication

Overhead and reserve

Net income per share

TIP Review the budget after each season using real costs and member feedback before setting next year's prices.
