Crop Enterprise Budget Template

A budget template for a crop enterprise, listing yield, price and each major cost per acre. Used to plan a crop before planting and compare options for next season.

Farm / unit: _____ Date: _____ By: _____

Crop and field name

Acres or units planned

Expected yield and price

Seed and planting costs

Fertilizer and soil amendments

Pesticide and herbicide costs

Fuel, repairs and drying or hauling

Crop insurance and interest

Return over costs

TIP Base inputs on your own past records and current quotes. Keep a copy to compare with what actually happened.
