Farm Accessibility Compliance Guide

A guide to accessibility for farm visitors, covering paths, parking, restrooms and communication. Helps owners think through ways to welcome more people and prepare to ask experts.

Farm / unit: _____ Date: _____ By: _____

1. Walk the visitor route
2. Review parking and drop off
3. Check paths, surfaces and slopes
4. Check entrances and doors
5. Review restroom access
6. Review signs and information formats
7. Plan staff training
8. Ask visitors for suggestions
9. Consult the accessibility rules and an expert

YOUR NOTES

TIP Check federal and state accessibility rules and consult a qualified expert, since requirements depend on the type of business.
