Farm Labor Budget Worksheet

A worksheet for budgeting labor on the farm, covering family, hired and seasonal work. Owners use it to plan staffing and compare labor costs between enterprises.

Farm / unit: _____ Date: _____ By: _____

Enterprise or task group _____

Hours needed by season _____

Family labor available _____

Hired workers needed _____

Wage and benefit costs _____

Payroll taxes and insurance _____

Housing or meals provided _____

Total labor cost _____

Cost per unit of output _____

NOTES / CALCULATIONS

TIP Count your own unpaid hours too so the real cost shows. Check wage and payroll rules with the labor agency.
