Farm Risk Management Plan Template

A section outline for a farm risk management plan covering production, market, financial, legal and people risks. Helps owners record what could go wrong and how they will respond.

Farm / unit: _____ Date: _____ By: _____

Farm goals and risk comfort

Production and weather risks

Marketing and price risks

Financial and credit risks

Legal and regulatory risks

Human and labor risks

Insurance and other tools in place

Emergency contacts and actions

Review schedule and owner

TIP Name one person to own each risk, and revisit the plan every year. Ask your agent and lender to review it.
