Livestock Insurance Options Guide

A guide to livestock insurance options, helping producers understand what kinds of coverage exist and which questions to ask. For ranchers and herd owners reviewing risk.

Farm / unit: _____ Date: _____ By: _____

1. List the animals and uses you need to protect
2. Review forage and rainfall-based options
3. Review livestock price protection options
4. Check mortality coverage through private agents
5. Compare what each option covers
6. Ask about eligibility and sign-up windows
7. Match coverage to your cash needs
8. Discuss with a licensed agent
9. Record your choice

YOUR NOTES

TIP Ask a licensed agent and the Risk Management Agency which options apply in your county and for your animals.
