Profit & Loss Statement for Farms

A profit and loss template made for farm businesses, grouping sales and costs by enterprise. It helps owners see which parts of the farm earn money and which need a closer look.

Farm / unit: _____ Date: _____ By: _____

Reporting period and method used

Sales by enterprise

Cost of goods sold or inputs

Gross profit after direct costs

Labor expense including family

Machinery and fuel expense

Rent, interest and insurance

Overhead and office costs

Net profit or loss

TIP Close your books monthly so the statement reflects real numbers. Compare each enterprise year over year, not just the farm total.
