# Farm Bunker Silo Safety Guide

A farm bunker silo safety guide with ordered steps for packing, covering, and feeding out so workers avoid rollovers, avalanches, and falls around silage piles.

Farm / unit: _____ Date: _____ By: _____

1. Plan the layout and traffic flow
2. Keep walls and ramps in good repair
3. Use a tractor with rollover protection
4. Pack with care on slopes
5. Cover safely with helpers clear
6. Stay out from under overhanging faces
7. Keep feed faces smooth and safe
8. Mark edges and drop-offs
9. Keep children away

**YOUR NOTES**

**TIP** Never stand or work below a high silage face, since overhanging feed can fall without warning.
