Farm Emergency Triage Guide

A farm emergency triage guide with ordered steps for sorting injured people or animals by urgency, calling for help, and giving basic care while waiting for responders.

Farm / unit: _____ Date: _____ By: _____

1. Make the scene safe first
2. Call emergency services
3. Count the injured
4. Check breathing and bleeding
5. Treat life threats first
6. Assign a helper to each patient
7. Keep people warm and still
8. Note times and symptoms
9. Hand over information to responders

YOUR NOTES

TIP Take a hands-on first aid class so you can use these steps confidently, and follow dispatch instructions on the call.
