# Farm Explosion Response Plan

A farm explosion response plan template for owners to set steps for responding to grain dust, gas, or fuel explosions with alerts, rescue limits, and utility shutoffs.

Farm / unit: _____ Date: _____ By: _____

## Explosion risks on the farm

## Alarm and call steps

## Evacuation routes

## Account for people

## Utility shutoff steps

## Fire response limits

## First aid steps

## Information for responders

## Investigation and review notes

**TIP** Reduce risk by controlling dust and ignition sources, and call responders right away instead of reentering.
