Farm Hazard Assessment Worksheet

A farm hazard assessment worksheet for walking each work area, naming what could hurt someone, rating the concern, and choosing a fix with a person and date assigned.

Farm / unit: _____ Date: _____ By: _____

Work area or task reviewed _____

Hazard observed _____

Who could be harmed _____

Existing controls in place _____

Level of concern _____

Fix or control chosen _____

Person responsible _____

Follow-up date _____

Reviewer initials _____

NOTES / CALCULATIONS

TIP Walk the area with the person who does the work daily, since they often spot hazards a manager misses.
