Farm Medical Emergency Response Plan

A farm medical emergency response plan template for owners to set steps for calling for help, giving first aid, directing ambulances, and caring for the injured worker.

Farm / unit: _____ Date: _____ By: _____

Emergency number and farm address

Person who calls for help

First aid trained workers

Where first aid kits are

AED location if available

Ambulance meeting point

Medical information on workers

Family notification steps

Incident review notes

TIP Post directions for ambulances and have someone meet them at the gate to speed up care.
