Farm Power Outage Plan

A farm power outage plan template for owners to list critical systems, backup power, contacts, and manual steps so milking, heating, water, and ventilation keep running.

Farm / unit: _____ Date: _____ By: _____

Critical systems on the farm

Utility contact and account

Generator and fuel notes

Transfer switch location

Manual backup steps

Livestock water plan

Ventilation and heat plan

Food and refrigeration plan

Communication plan

Restart checks

TIP Test generators on a schedule, and keep fuel and extension cords ready before a long outage strikes.
