# Farm Safety Manual Template

A farm safety manual template for owners to compile policies, procedures, job rules, emergency plans, and forms into one document that workers can use and update.

Farm / unit: _____ Date: _____ By: _____

## Introduction and farm safety goals

## Roles and responsibilities

## General safety rules

## Machinery and vehicle rules

## Animal handling rules

## Chemical and fuel rules

## Emergency procedures

## Training and orientation

## Reporting and records

## Review and update schedule

**TIP** Write in plain language for your own farm, and review the manual with each worker so it is actually used.
