Farm Shelter-in-Place Plan

A farm shelter-in-place plan template for owners to decide when to stay put, which rooms or buildings to use, supplies to hold, and how to stay informed during a hazard.

Farm / unit: _____ Date: _____ By: _____

Hazards that call for sheltering

Decision maker and backup

Shelter room or building

Supplies and water on hand

Sealing and ventilation steps

Communication and alerts

Care for livestock and pets

Utility shutoff notes

Release and recovery steps

TIP Follow official alerts from local emergency managers, and check that the chosen room can hold everyone on the farm.
