Farm Utility Failure Response Plan

A farm utility failure response plan template for owners to list steps for power, water, gas, and communication failures that affect people, animals, and production.

Farm / unit: _____ Date: _____ By: _____

Critical utilities and systems

Utility company contacts

Shutoff locations

Backup power and water

Manual operation steps

Animal care steps

Communication backup

Roles for workers

Restoration checks

Review notes

TIP Test backup systems on a schedule, and post utility numbers where workers can find them quickly.
