Roof Work Safety Guide

A roof work safety guide with ordered steps for farm buildings, covering planning, fall protection, weather, fragile surfaces, ladders, and communication.

Farm / unit: _____ Date: _____ By: _____

1. Plan the job and assign roles
2. Check weather and surface moisture
3. Look for fragile roof panels
4. Set up a secure ladder
5. Put on a harness and anchor
6. Keep tools tied or bagged
7. Stay clear of power lines
8. Keep a helper on the ground
9. Stop work if conditions change

YOUR NOTES

TIP Treat old tin and skylights as fragile, and cover or mark them before anyone walks the roof.
