Swine Evacuation Plan

A swine evacuation plan template for hog producers to plan handling, trucks, destinations, biosecurity, and records for moving pigs safely during a disaster.

Farm / unit: _____ Date: _____ By: _____

Herd size and locations

Priority groups for moving

Handling and loading plan

Trucks and trailers

Destination and biosecurity

Feed, water, and shade plan

Contacts for officials

Records and identification

Return and cleaning plan

TIP Ask your veterinarian and state officials about movement rules and biosecurity before moving pigs.
